Honor/Memorial Garden Stone Order Form

Has a special dog or person touched your life? Honor or remember them with a beautiful garden stone. These bluestones are carefully selected for color, appearance and durability and are hand shaped using hammers and chisels. The stones are engraved approximately one quarter inch deep using a sand carving process. Your personal message is then painted with a black 30 year stone paint. Each stone is two inches thick and eight to ten inches wide. Each step of the way, careful consideration and attention to detail are exercised to ensure a quality stone. You may choose to have the stone shipped or have it placed in the Fidelco gardens.
